Dear Friends:

I am writing to express to you my sincere thanks for your very kind gracious gesture in entertaining The Eagles on their return from Camp. I cannot possibly tell you how much it meant to Mr. Manley, The Team and me. I am sure the good feeling the affair must have instilled in the Boys that night had a great deal to do with the swell game they played opening day.

I am sorry you all were not able to be with us. I do hope we will have the pleasure of your company at the rest of the games in Newark this season.

Again please accept the thanks of Mr. Manley, the entire Club and me.

Very truly yours,
